

Pétronille la chenille

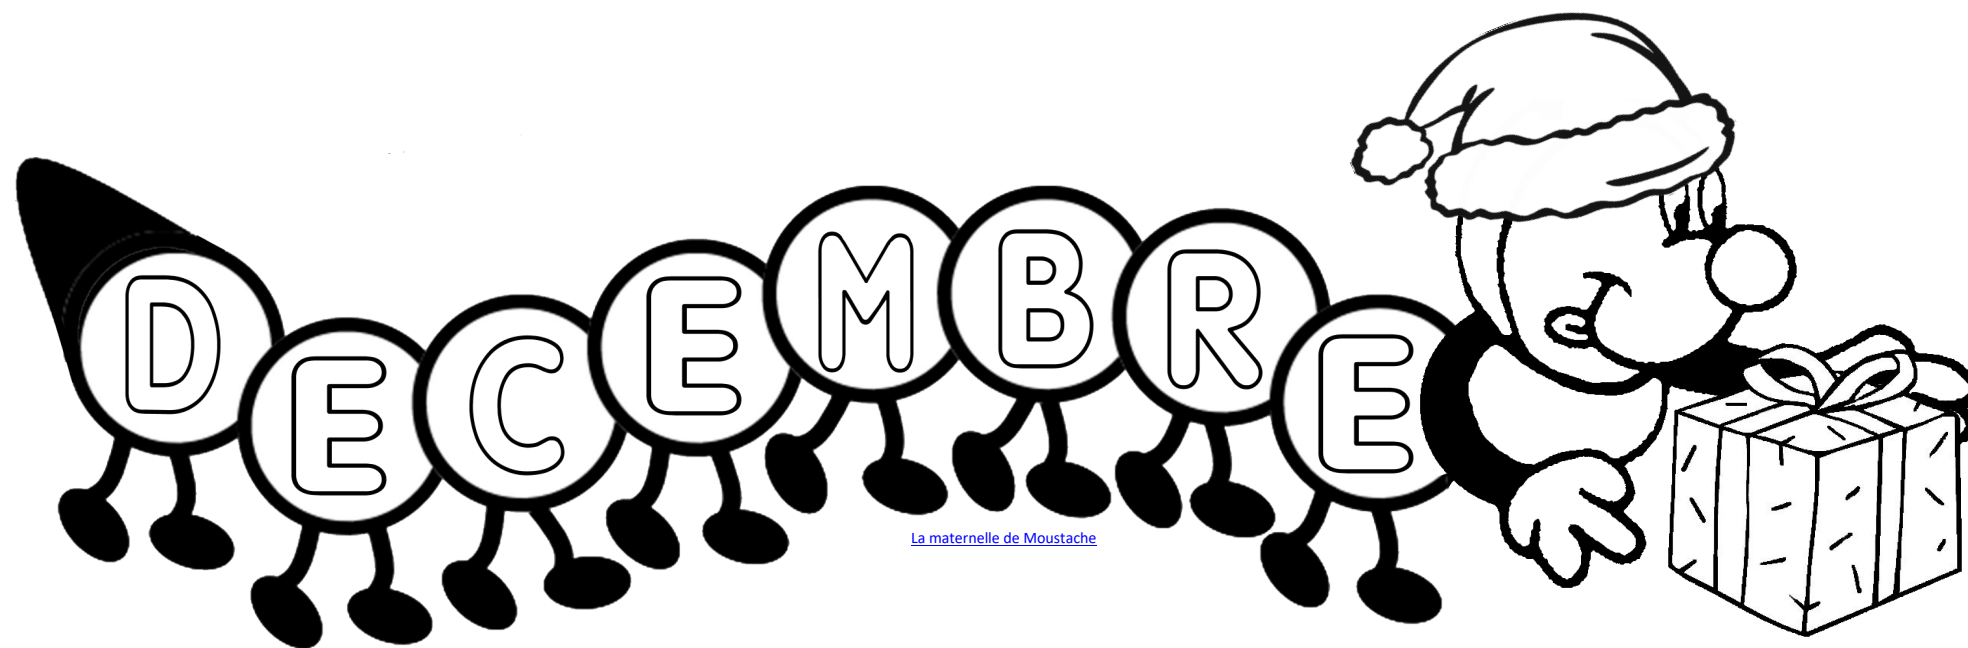

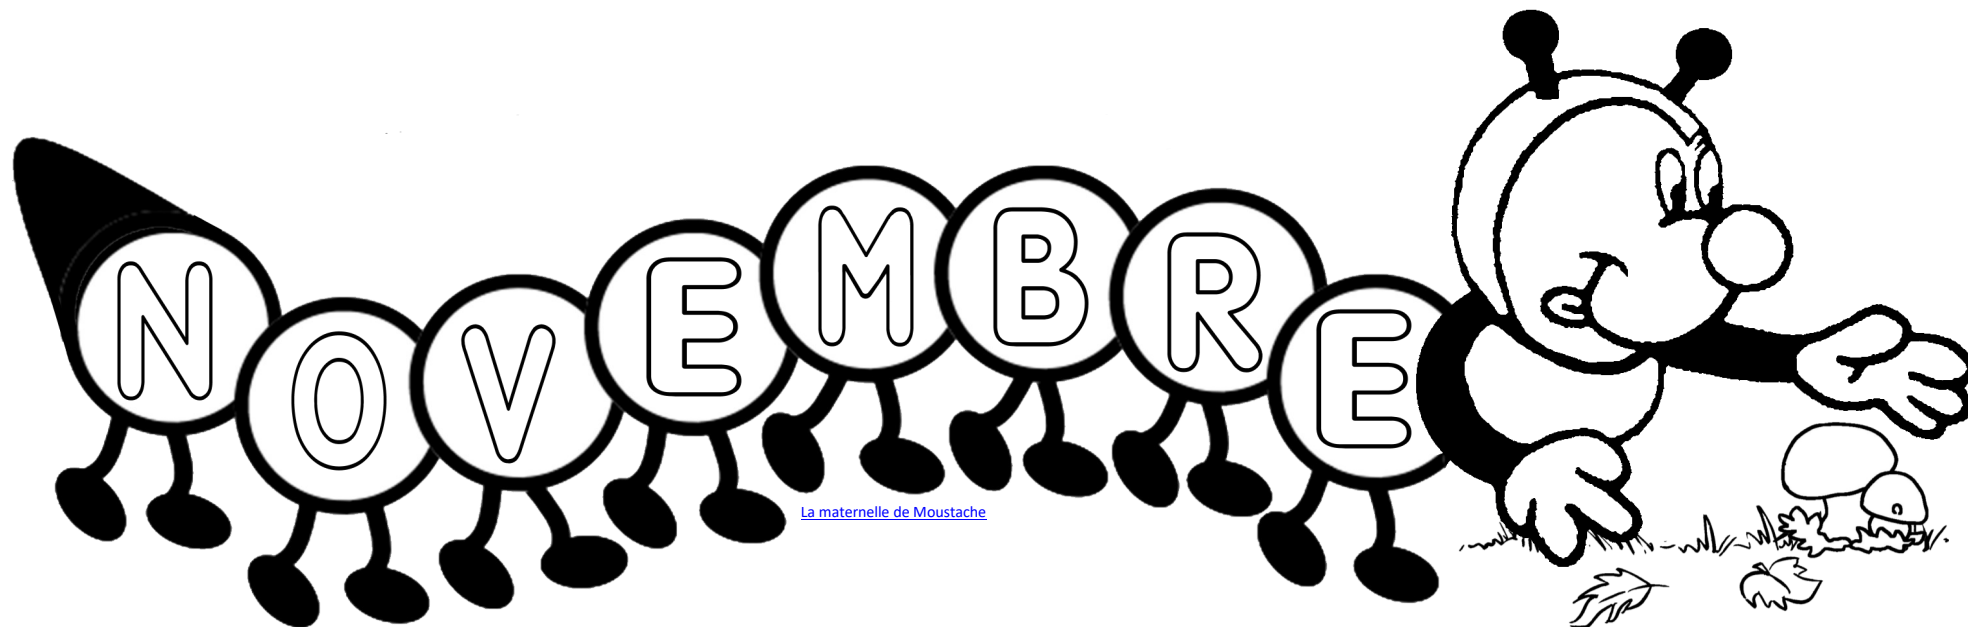

Chenilles mensuelles à colorier, à compléter avec les lettres fournies à découper, on peut aussi laisser les enfants écrire le nom du mois.

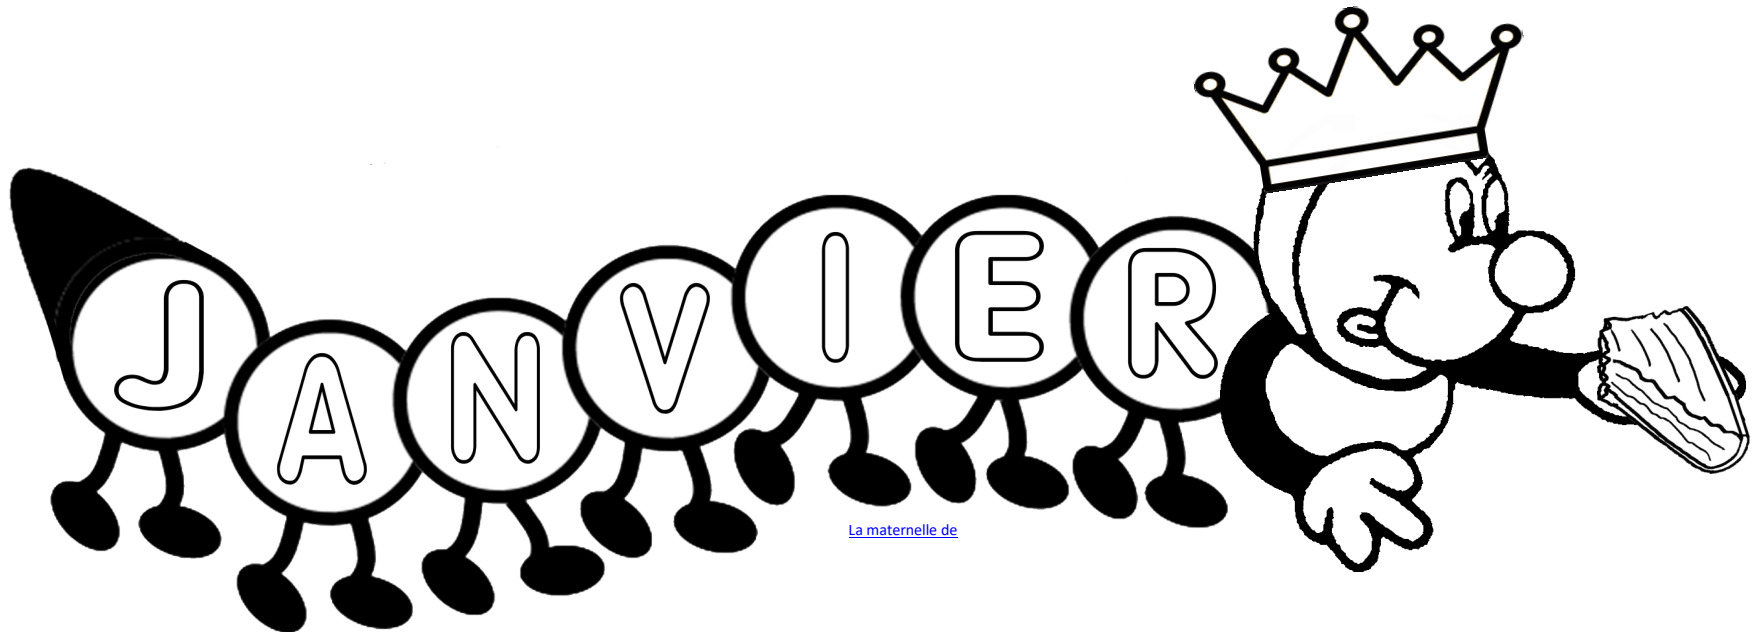

A photocopier éventuellement en A3 pour plus de lisibilité. Vu le format utilisé, les illustrations sont réduites, voire symboliques (modification ou ajout d'une image particulière possible sur demande).

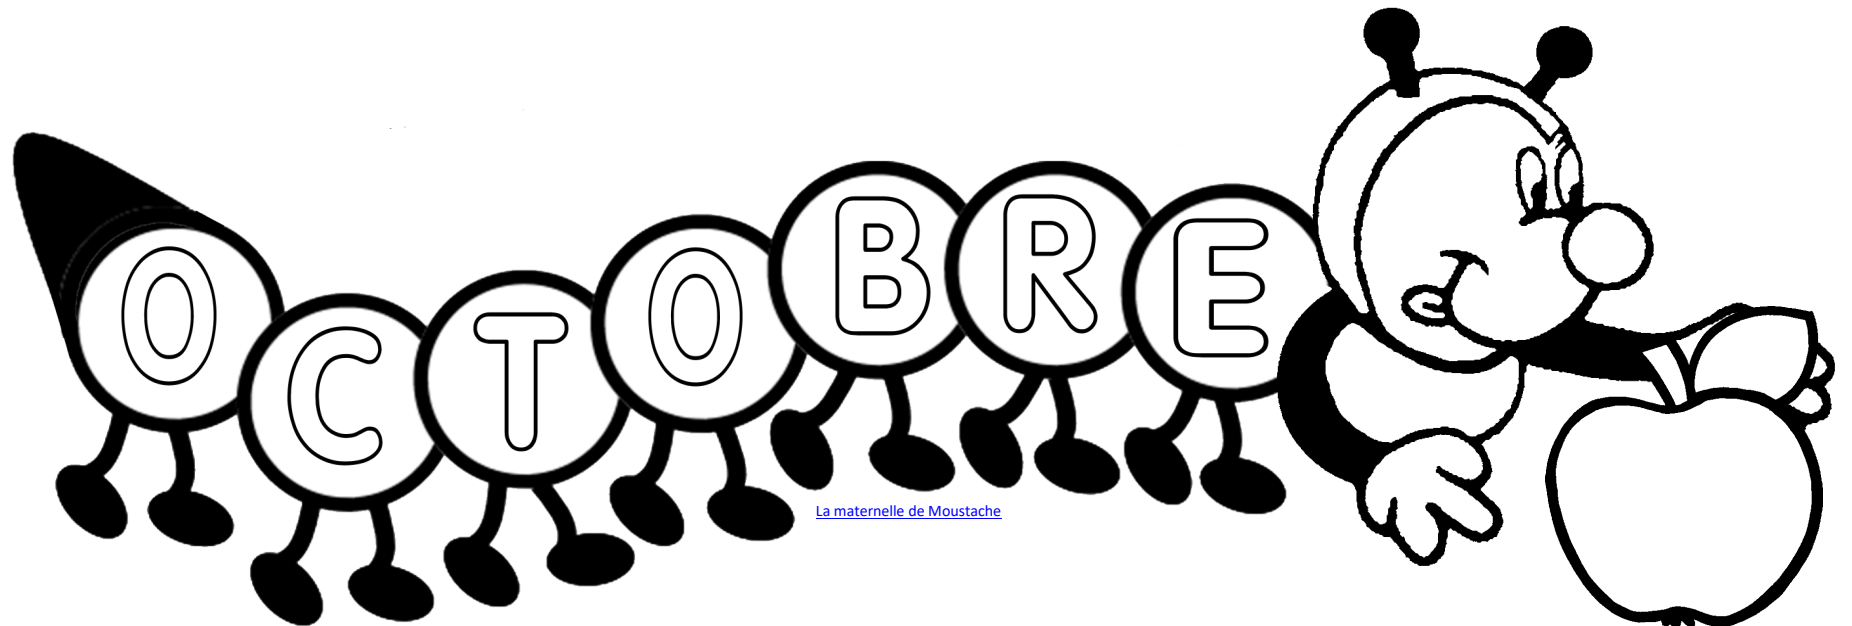

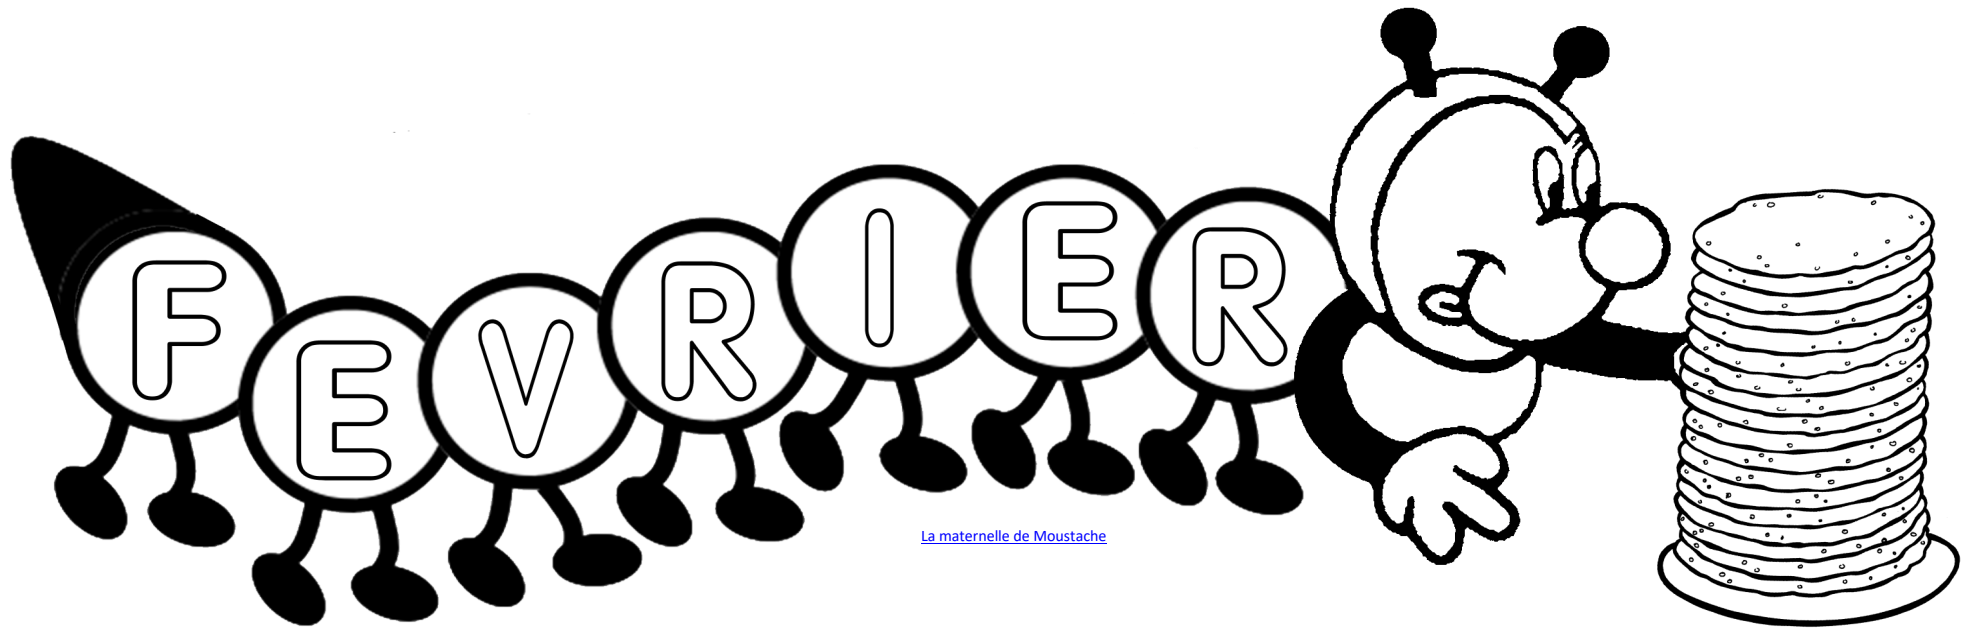

Le cas échéant, on peut ajouter un des calendriers vierges au format paysage que l'on trouve en rubrique divers du site, cela demandera juste un petit bricolage de ta part.

Lettres à photocopier et à découper pour reconstituer les mois des chenilles des pages suivantes. Les enfants peuvent aussi écrire eux-mêmes, selon l'âge, les mois dans les anneaux en se repérant sur les illustrations.
