

Cartes « Dés »

Plusieurs séries de cartes pour remplacer les dés pour les jeux de plateau par exemple.

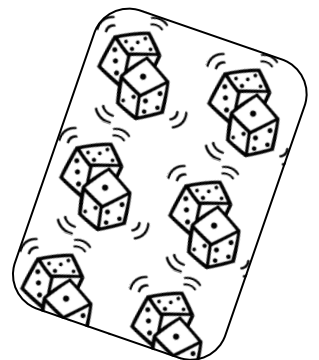

Chaque série va de 1 à 9 et possède sa propre couleur de bordure afin d'en faciliter le tri.

On peut mélanger certaines séries, n'en utiliser qu'une seule ou plusieurs.

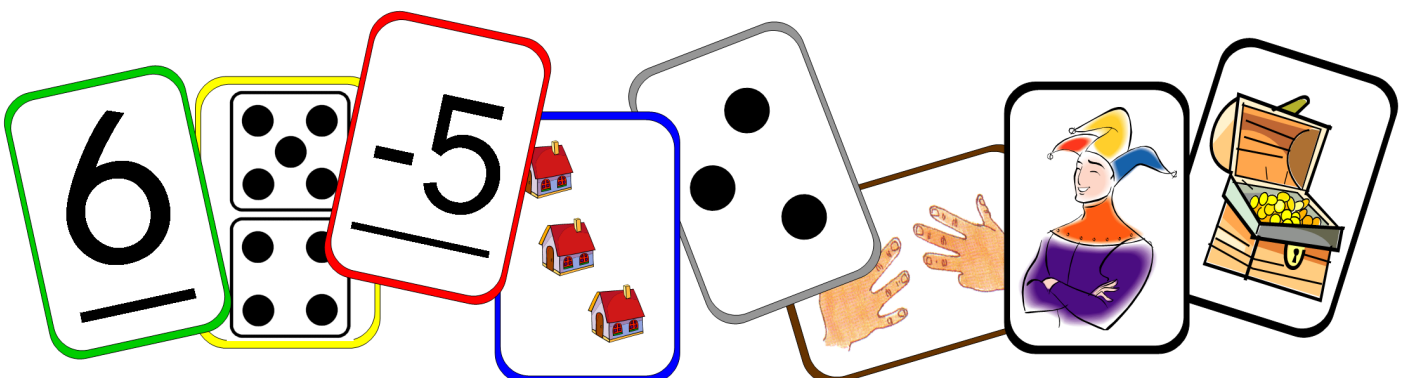

Une série de cartes « spéciales » permet de choisir l'action à faire quand on la tire :

- Puits : on passe son tour,
- Chance : on avance de 3 cases,
- Prison : on attend que quelqu'un vienne nous délivrer,
- Etc...

La dernière page sera éventuellement utilisée pour imprimer le dos des cartes.
