

## Jeu d'association : écriture du chiffre / constellation

Demander à l'enfant de lire, ou de prendre autant de jetons, de pions,... que le chiffre indiqué sur la carte, la retourner pour vérifier.

D'autres variantes sont possibles, à vous de les imaginer...

Plusieurs styles de constellations sont disponibles, on peut en privilégier une, par exemple les dés, ou les mélanger.

A imprimer ou photocopier «recto-verso» sur du papier bristol, puis plastifier.  
Les cartes «verso» ne sont pas délimitées afin de faciliter leur impression au dos des cartes «recto».
